FOCUS AND SCOPE OF THE JOURNAL

International Journal of Industrial Innovation and Mechanical Engineering. This journal is published by the Asosiasi Riset Ilmu Teknik Indonesia. This journal is a peer-reviewed and open research journal of the Engineering Science Clump. The fields of study in this journal include the sub-groups of Civil Engineering and Spatial Planning, Engineering, Electrical and Computer Engineering, Earth and Marine Engineering. Articles submitted will go through a selection process for bestari partners and/or editors. This journal is published 1 year 4 times (February, May, August, November)

International Journal of Industrial Innovation and Mechanical Engineering. Articles published in the Proceedings of the International Journal of Industrial Innovation and Mechanical Engineering include original scientific research results (priority), new scientific review articles (not priority), or comments or criticisms of articles in the International Journal of Mechanical, Electrical and Civil Engineering. International Journal of Industrial Innovation and Mechanical Engineering accept manuscripts or articles from various academics and researchers, both nationally and internationally.

Articles published in the journal are articles that have gone through a peer-review process by Partners. Proceedings of the International Journal of Industrial Innovation and Mechanical Engineering only accepts articles originating from original research results (priority) and new scientific review articles (non-priority). The decision to accept or reject scientific articles in this journal is the right of the Editorial Board based on the recommendations of Reviewer Partners.
