**INTERNATIONAL JOURNAL OF MECHANICAL, ELECTRICAL  
AND CIVIL ENGINEERING  
VOLUME 1 NO. 3 JULY 2024**

**FOCUS AND SCOPE OF THE JOURNAL**

International Journal of Mechanical, Electrical and Civil Engineering. This journal is published by the Indonesian Engineering Science Research Association. This journal is a peer-reviewed and open research journal from the Engineering Science Clump. The fields of study in this journal include the Mechanical, Electrical and Civil Engineering subgroups. Submitted articles will go through a selection process for bestari partners and/or editors. This journal is published 4 times a year (January, April, July and October)

Articles published in the Publication Center for the International Journal of Mechanical, Electrical and Civil Engineering include the results of original scientific research (top priority), new scientific review articles (not priority), or comments or criticism of existing papers. The Center for Publication of Community Service Results accepts manuscripts or articles in the fields of science including Mechanical, Electrical and Civil Engineering. from various academic circles and researchers both nationally and internationally.

The articles published in the journal are articles that have gone through a review process by Mitra Bebestari (peer-reviewers). The Publication Center for the International Journal of Mechanical, Electrical and Civil Engineering only accepts articles originating from original research results (top priority), and new scientific review articles (not priority). The decision whether or not to accept a scientific article in this journal is the right of the Editorial Board based on recommendations from Mitra Bebestari.

**JOURNAL INDEXATION INFORMATION**

International Journal of Mechanical, Electrical and Civil Engineering with e-ISSN: 3047-4531 and p-ISSN: 3047-4523 <https://international.aritekin.or.id/index.php/IJMECIE> is a peer-reviewed journal which plans to be indexed in several reputable indexers, including: Google Scholar; Digital Reference Guard (GARUDA), Directory of Open Access Journal (DOAJ).

**FOREWORD**

International Journal of Mechanical, Electrical and Civil Engineering. This journal is published by the Indonesian Engineering Science Research Association. This journal is a peer-reviewed and open research journal from the Engineering Science Clump. The fields of study in this journal include the Mechanical, Electrical and Civil Engineering subgroups. Submitted articles will go through a selection process for bestari partners and/or editors. This journal is published 4 times a year (January, April, July and October)

The Publication Center of the International Journal of Mechanical, Electrical and Civil Engineering publishes the only papers that strictly follow the guidelines and templates for manuscript preparation. All submitted manuscripts will go through a double-blind peer review process. The paper is read by editorial members (according to their area of specialization) and will be screened by the Managing Editor to meet the criteria required for publication. The manuscript will be sent to two reviewers based on their historical experience in reviewing manuscripts or based on their area of specialization. The Publication Center for the International Journal of Mechanical, Electrical and Civil Engineering has reviewed the form to keep the same items reviewed by two reviewers. Then the editorial board makes a decision based on the reviewers' comments or suggestions.

Reviewers provide an assessment of originality, clarity of presentation, contribution to the field/science. This journal publishes research articles, review articles/literature reviews, case reports and concept or policy articles, in all fields of science, including Mechanical Engineering, Electrical, and Civil., Earth and Marine Engineering. The articles that will be published are original works and have never been published. Incoming articles will be reviewed by a team of internal and external reviewers.

The Editorial Board will continue to strive to improve the quality of the journal so that it can become an important reference in the development of science. The deepest appreciation and thanks to Mitra Bestari together with members of the Editorial Board and all parties involved in publishing this journal.

Regards,

Chief Editor
